

# SpinRight Academy – DJ & Music Technology for Youth

---

## Program Snapshot

- **Ages:** Grades 6–8 (adjustable)
  - **Duration:** 8 weeks 1 day/week (or) 4 weeks 2 days/week
  - **Class Size:** 6–10 students
  - **Equipment Provided:** Yes
  - **Experience Needed:** None
- 

## About the Program

SpinRight Academy blends music, technology, and creativity to teach students the art of DJing while developing problem-solving skills, confidence, and teamwork. Students learn on professional DJ equipment and software, building both technical skills and artistic expression. Our program gives students a unique, engaging alternative to traditional extracurriculars — combining fun with valuable 21st-century skills.

---

## What Students Learn

- Beatmatching, mixing, and smooth transitions
  - Understanding BPM, pitch, and EQ
  - Using DJ controllers and software (e.g., Serato)
  - Performance confidence & creative storytelling through music
  - Music appreciation and genre exploration
- 

## Why It's Great for Schools

- Engages students who may not connect with traditional activities
- Teaches digital literacy in a fun, artistic way
- Encourages positive self-expression and teamwork
- Fully self-contained — we bring all the gear and resources
